

A car can go forward, it can go backward, it can go uphill, it can go downhill and as Jeff Butts, looking up, now knows, it can climb a tree. Jeff parked near Healdsburg, Calif., and when he returned he found his car had rolled downhill, hit an embankment and bounced up where it is shown.

## Wheat Sale OK Up To President

WASHINGTON (AP)—The big question of whether to permit the sale of wheat to the Soviet Union lies in the decision basket for President Kennedy, returning to his White House desk today.

Some high officials expect him to say yes.

The Russians have made no formal request to this country. But Soviet negotiators have been talking in Ottawa of deals for American grain. One report mentioned three million tons at \$250 million.

Administration officials sounded out Congress last week on feelings about a grain deal with the Soviets. It is understood that there was some outspoken opposition. However, it is reported that the officials considered the burden of congressional sentiment to be in favor of it.

The government departments involved are expected to recommend a policy change to permit the grain sale when they meet.

## Cubans Advised Not To Bank On Aid From Russia

HAVANA (AP)—Cubans appreciate Russian aid but they must not rely on it too heavily, says Prime Minister Fidel Castro.

He called on his countrymen to work harder so Cuba can cut back on Soviet aid and ease a \$100 million balance of payments deficit to the Russians.

Castro made the plea in a rambling outdoor address Saturday night in which he again unleashed a broad attack on the United States.

A mysterious explosion interrupted Castro at one point, but the Cuban leader remained unruffled. "Don't worry," he told the throng. "It doesn't matter if it is a bomb."

# Kennedy's Campaign Tuned To 'Peace And Prosperity'

## South Viet Nam Facts Hidden, Congress Told

WASHINGTON (AP)—A congressional subcommittee today accused the State Department of "hiding the facts from the American public" by restricting newsmen in South Viet Nam.

The criticism came from the House subcommittee on information, headed by Rep. John E. Moss, D-Calif.

"In recent weeks," a report by the subcommittee said, "the American public has been surprised by developments in Viet Nam—developments which have been many months in the making."

The report said "the restrictive U.S. press policy in Viet Nam... unquestionably contributed to the lack of information about conditions in Viet Nam which created an international crisis."

"Instead of hiding the facts from the American public," the subcommittee concluded, "The State Department should have done everything possible to expose the true situation to full view."

The subcommittee directed most of its criticism at a cable prepared by Carl T. Rowan, now ambassador to Finland, and sent over the signature of Secretary of State Dean Rusk to the U.S. Embassy in Saigon early in 1962.

This cable is still classified although its provisions are no longer in effect. The subcommittee, paraphrasing the language, said it contained these guidelines for handling American news correspondents in Viet Nam:

1. "News stories which criticize the President Ngo Dinh Diem government could not be 'forbidden,' but they only increase the difficulties of the U.S. job."

2. "Newsmen should be advised that trifling or thoughtless criticism of the Diem government would make it difficult to maintain cooperation between the United States and Diem."

3. "Newsmen should not be transported on military activities of the type that are likely to result in undesirable stories."

## Balky Lawmakers Sent Home By Congo President

LEOPOLDVILLE, The Congo (AP)—Congoese president Joseph Kasavubu sent Parliament home Sunday night because the lawmakers refused to obey his order to write a constitution for the Congo.

In a radio speech Kasavubu said the refusal of both houses to discuss the constitution during the past month "would have led straight to the void" if it had been allowed to continue.

The president had summoned the senate and national assembly at the end of August in extraordinary session as a constituent assembly. After more than three years of independence, the Congo still has no constitution.

Kasavubu said he would shortly call into being a special constitutional commission which, "without the intermediary of the defaulting representatives of the people," would write a constitution.

## Car Plunges Into Shipping Canal; 7 Youths Drown

BUFFALO, N.Y. (AP)—Seven youths were drowned Sunday night when their automobile failed to negotiate a curve, slammed through a steel fence and plunged into a shipping canal.

The tangled bodies of six were found inside the car, and a seventh body was found by divers this morning. The car was raised from the Black Rock Canal by police and fire wreckers after its headlights were seen shining in the water.

The seventh body was identified as that of John Sabadosz of Buffalo.

The other dead, all of Buffalo, were Thomas Lucenti, 19; Thomas Clifford, 17; Richard Zawiscki, 17; Robert J. Zolo, 17; Daniel Gorski, 17, and John H. Hryhorcic, 16.

## Earl Browder, 72, Chats With FBI

YONKERS, N.Y. (AP)—Two FBI agents called on a gray-haired, grandfatherly man recently, a trim little man few persons would notice in casual passing.

For two hours they explored his opinions on the background and importance of the Red Chinese Soviet conflict. They took with them his written analysis of the ideological struggle between Red China and The Soviet Union.

"It was the first friendly contact I ever had with the FBI," said Earl Browder, 72, whose contacts with the FBI have been many.

To millions of Americans, Browder's name is synonymous with the U. S. Communist party. He joined the party shortly after its formation and guided it for 15 years through the peak of its popularity in this country, the 1930's.

Ousted By Stalin

The late Soviet Premier Josef Stalin ordered Browder's ouster as general secretary, the position of power, in 1945 for "revisionism." Expulsion from the party followed.

Revisionism — or "Browderism" as it came to be known internally — consisted of advocating coexistence. Browder argued that neither armed conflict nor cold war was inevitable. He rejected the basic dogma that Communism must destroy capitalism before the world can know peace and social progress.

"Khrushchev occupies today a position on the big issues in the world that I occupied in 1945," Browder said in an interview.

"When the Chinese accuse him of revisionism they are merely echoing and elaborating the arguments used against me when I was thrown out of the movement."

"They did me a favor when they kicked me out. I have no hard feelings at all. I deliberately provoked it."

## Vatican Council Reopens; Agenda Is Streamlined

VATICAN CITY (AP)—A proposed redefinition of the Roman Catholic church won general endorsement today from the first prelates to speak at the second phase of the Vatican Ecumenical Council.

Two cardinals and six bishops took the floor in St. Peter's Basilica as the 2,500 council fathers resumed working sessions. Pope Paul VI reopened the council Sunday after a nine-month recess with a strong appeal for church reform.

The council press office, summarizing today's three-hour meeting, told newsmen the schema (topic) before the assembly—"De Ecclesia," concerning the church — was accepted by speakers as "a good foundation on which to build."

More Speed Expected

It was revised during the recess, and undoubtedly will be revised further. It will be the main topic before the council's session ending Dec. 4.

The schema, considered the key to all the council's work, proposed a new way for the Roman Catholic church to look at its structure. It came up originally at the council's first session last year and was criticized by many fathers as being too juridical and academic and not sufficiently pastoral. There was criticism that the original draft would not help the cause of Christian unity.

During the recess, a council spokesman said today, 372 proposed corrections and amendments to the first half of the schema were mailed to the Vatican by prelates around the world.

A feeling was evident among the church fathers that the session would move with greater speed and efficiency than the first, which ran from Oct. 11 to Dec. 8 last year. This session will continue until Dec. 4.

A young American bishop summed up this spirit. "I think all the bishops are coming back

## Stevedores May Tie Up Canadian Wheat In Strike

MONTREAL (AP)—Shippers expressed concern today that shipment of 60 million bushels of Canadian wheat to the Soviet Union may be delayed by a strike threat of stevedores in St. Lawrence River ports.

The longshoremen voted Sunday to stop work Friday if there is no agreement in their wage dispute with shipowners.

The wheat is part of the Soviet Union's \$500 million wheat deal with Canada.

Four-foot-tall George Bachm and his bride, the former Christine Anderson of Virginia, Minn., who stands 3 feet, 11 inches tall, walk down the aisle of Little Neck, N. Y., Community Church, after their marriage. George met his wife, who is a practical nurse, at a convention of the Small People of America organization of which he is public relations director. ## Old Eisenhower Theme Tested On Western Trip

WASHINGTON (AP)—President Kennedy is approaching the 1964 presidential campaign with the apparent hope of borrowing a theme from former President Dwight D. Eisenhower: Peace and prosperity.

Kennedy test-marketed the peace argument during the Western tour he just completed. He obviously was pleased with the result, particularly because he drew warm response in the Rocky Mountain area where many voters favor the conservative policies of Sen. Barry Goldwater, Arizona Republican.

Tax Cut Wanted

Repeatedly, Kennedy was interrupted by applause as he talked up the limited nuclear test-ban treaty, foreign aid and global involvement — all of which he credited with making brighter the prospects for peace.

Unquestionably, this choice of subjects was to determine audience reaction. But these topics also concern Kennedy more deeply than the conservation matters that were the announced focal point of his trip.

Prosperity also figured in Kennedy's speeches — usually in connection with his argument that an \$11-billion tax cut is vitally needed as anti-recession insurance. If a tax cut is enacted before the election, and a recession is avoided, prosperity certainly will be one of Kennedy's major campaign claims.

Thus, the Democratic presidential candidate next year may employ substantially the same arguments that Eisenhower used successfully against Democrat Adlai E. Stevenson in 1956.

Trip Viewed As Success

On the second of five days of speechmaking, Kennedy began to swing away from conservation and emphasize his contentions that by shouldering international burdens, the United States is responsible "the Communist offensive."

This argument was voiced in Montana, at Billings and Great Falls, before Kennedy made it the theme of the trip's major address — an appearance in Salt Lake City's Mormon Tabernacle.

In Salt Lake City, Kennedy twice was interrupted by applause as he saluted the limited nuclear test-ban treaty which Goldwater has opposed. Cheers again halted Kennedy when he defended foreign aid.

The trip was just plodding along until Kennedy hit upon the peace question in Montana. Starting there, he seemed much more enthusiastic. He spent increasing amounts of time shaking hands with those who greeted him at airports, auditoriums and stadiums.

If the trip was a dry run for the 1964 campaign, as seems apparent, Kennedy undoubtedly views it as a success.

## Venezuela Red Terrorists Kill 5 Aboard Train

CARACAS, Venezuela (AP)—Authorities Sunday arrested five men and five women several hours after a band of pro-Communist terrorists, posing as tourists, fought a gun battle with national guardsmen aboard an excursion train 20 miles from Caracas.

Five guardsmen were killed and six passengers, including several children, wounded.

Those arrested were believed to be members of the pro-Communist Armed Forces of National Liberation (FALN) which has been waging a continuous terrorism campaign against the regime of President Romulo Betancourt.

## TODAY'S CHUCKLE

The United States Government has expressed concern over the fact that 25 per cent of America's families are living beyond their incomes. Look who's talking.

## Rush Has Date To Talk Peace With Gromyko

UNITED NATIONS, N.Y. (AP)—U.S. diplomats believe a meeting Wednesday night between Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko is the best bet among forthcoming talks for developing new accords between Washington and Moscow.

Rusk had a breakfast date with British Foreign Secretary Lord Home this morning. The two men Gromyko tonight at a dinner given by U.N. Secretary-General U. Thant. It was described as a social affair to be attended by quite a few of the foreign leaders here for the General Assembly session.

Rusk's private appointment with Gromyko was for dinner Wednesday at the headquarters of the Soviet mission to the U.N.

U.S. sources said Rusk may explore a considerable variety of U.S.-Soviet projects, ranging from a consular agreement to cooperating in outer space.

This week's talks, which will include a Home-Gromyko lunch Tuesday, were about all that emerged from a meeting of the three ministers Saturday.

The 2½-hour parley—first high-level East-West session since the Aug. 5 signing of the limited nuclear test-ban treaty — was described as cordial but unproductive of any agreement of substance.

Gromyko was said to have talked about general, complete disarmament philosophically without giving enough details on the Soviet proposal for an exchange of observers for the Western ministers to judge whether it would be acceptable. The observers would guard against surprise attack.

For Rusk and Home, it appeared just as well that Gromyko did not press another Soviet proposal—for a nonaggression pact between the NATO and Warsaw military blocs. The Western allies have not agreed what to do about this plan, which is linked to the Germany-Berlin issue.

Meanwhile, U.S. sources believe there is room for secondary U.S.-Soviet deals on matters of mutual interest.

## Algeria Berber Units In Revolt

TIZI OUZOU, Algeria (AP)—Troops loyal to President Ahmed Ben Bella entered the Kabylie mountain town of Tizi Ouzou today to stem a revolt of Berber units.

Col. Mohamed Ou El Hadj, removed by Ben Bella from command of the 7th military region, left Tizi Ouzou with his staff and some troops.

Algerian army officers said the dissident units set up roadblocks east and south of Tizi Ouzou but did not interfere seriously with the movement of government convoys.

Government troops closed all exits from Tizi Ouzou, 70 miles east of Algiers, and searched all cars and motorists leaving the area. Armored troop carriers mounting machine guns were parked in the city.

The troop commander, who declined to give his name, told newsmen, "for the time being, everything is calm. We receive orders directly from Algiers."

On El Hadj commanded some 7,000 to 10,000 men, most of whom served under his orders during the war for independence.

Government officers said a part of this force is forming guerrilla units in the steep Kabylie ranges. The government officers described the movement as a putsch and said the situation was serious.

## Grain Shipping To Be Late On Detroit River

DETROIT (AP)—Canada's sale of half a billion dollars in wheat to Soviet Russia means an unusual late-season scene on the Detroit River.

Grain-carrying freighters will be coming by the Port of Detroit at a possibly unprecedented rate for the next two months.

The ships will be making the long haul from Lake Superior to Montreal and Quebec until the St. Lawrence Seaway closes at the end of November.

Canadian estimates are that 25 million bushels will be shipped from Quebec in the two months starting today.

# Romney To Tell His Tax Reform Here On Tuesday

Governor George Romney comes like an aerial missionary to Escanaba at 4:30 p. m. Tuesday, Oct. 1, to explain his state tax reform plan to the eastern end of the Upper Peninsula.

The session from 4:40 to 5:30 in the State Office Building is bipartisan and everyone is invited. Romney will preside, speak and answer questions from the public audience.

The meeting is one of three scheduled by the Governor on Tuesday, with an earlier session at Houghton for the western Upper Peninsula and a later one at Petoskey.

Senate and House committees will also be in the Upper Peninsula next week to hold public hearings on the tax reform proposal.

Romney faces difficulties

## How To Hold False Teeth More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, sticky, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at drug counters everywhere.

# Compensation In State Tightend

ISHPEMING — A "decided improvement" in state appeal board decisions in workmen's compensation cases has been noted since Gov. George Romney made two appointments to the board, Upper Peninsula business and industrial leaders were told here Friday.

And ultimately, if the appeal board can settle in a basic philosophy, there will be fewer appeals, George M. Van Peursem, Lansing, Michigan Manufacturers Association representative, declared at a meeting in the Mather Inn.

His presentation at the MMA gathering — hosted by Cleveland-Cliffs Iron Co. — chiefly concerned workmen's compensation and unemployment compensation laws and the outlook for new legislation through lawmakers' implementation of the new state constitution.

Noting that Michigan was now in its second half-century of workmen's compensation, he said it was seriously considered as long ago as 1907, that original laws passed in 1912 were inadequate and that benefits have improved considerably since then.

**Drastic Change In 50 Years**  
Generally, under the first laws, an employer merely needed to prove any negligence by an employee — no matter how slight the degree — to have a "complete defense," Van Peursem said.

In contrast, he cited a State Supreme Court ruling in a case that has even made it possible for employees injured while engaged in "horseplay" to collect workmen's compensation. "An injured minor who was illegally hired now collects double compensation," Van Peursem said. "Even falsehoods (about age) by minors do not protect employers."

Among the extreme cases he cited to show the greater liberalization of the compensation law — and the resultant increase in costs to employers — was one involving two 14-year-old boys who were helping a truck driver pick up bottles of soda pop that had fallen on a street in Detroit. One of the boys was cut and, because the two said the truck driver had promised them a couple of bottles of pop for helping him, the court ruled that the youngster was legally employed and entitled to compensation.

**Emotional Complex**

In another case, a new production line worker brooded

because his foreman told him to handle only one casting at a time instead of two, suffered an emotional disturbance and was able to collect benefits through a court decision.

A commission appointed by the Governor now is studying the workmen's compensation law to determine the adequacy of benefits, eligibility of workmen and administration of the act for possible legislative action.

Regarding administration, Van Peursem said there was a backlog of 8,000 workmen's compensation cases at the hearing examiner level and 500 cases on the appeal board level, that it took 13 months to carry a case through the appeal board level.

"Obviously, employers and employees are not getting a speedy determination of their rights," he declared.

He cited the cost growth of workmen's compensation resulting from more liberal interpretations of the state act by courts and the appeal board, noting that benefits jumped from 25 million dollars in 1956 to 51 millions in 1962 even though the number of cases remained about the same in each year — 32,000. "Awards have been made larger because of supreme court decision," he said, while a 5 per cent interest penalty is added to claims from the time the employee is injured until the case is decided.

"Any changes in the benefit and eligibility structure of the law will produce added costs for employers," Van Peursem told the U.P. gathering. "Which way it goes depends upon the Governor and Legislature. You have a tremendous responsibility to tell your legislators of the need for preserving the original intent of the act."

## Rifle Club First Meeting At Bark River

BARK RIVER — Seventeen attended the first meeting of the Rheume-Knauf American Legion sponsored Junior Rifle Club held Thursday evening at the Community Hall. Four new members were added to the roster, Sherry DeBen, Kerry Langlois, Carol Arkens and Gary Berquist.

A Bark River Junior Rifle Club emblem is issued to each new member. Club safety rules were explained to the members by Ray Meyers, marksmanship instructor. Also explained were the various targets and the scoring required to receive medals.

Movies will be shown at a later meeting if available. The club received its quota of ammunition from the Department of the Army. All members will receive a shooting roster showing dates of the regular meeting and the days on which they will shoot.

Results of the 1963 State Junior 22 Rifle Match were announced by Meyers. The Rheume-Knauf Post No. 438 Junior team was in third place with a score of 1023. The champions scored 1192 and second place scored 1173. Five high in the Bark River team were George Potvin, 228; Dennis Porath, 212; Bonnie Rae Meyers, 204; Larry Arkens, 194; Allen Hurbese, 185.

Four of the Junior Rifle team participated in the Upper Peninsula State Fair Match, Larry Arkens, George Potvin, Bonnie Rae Meyers and Suzanne DeBen. The two girls received trophies for the individual match.

# Business Men Split On Tax Reform Plans

ISHPEMING—Gov. George Romney's tax proposals were attacked and defended at a Michigan Manufacturers Association regional meeting in the Mather Inn here Friday.

Attacked by John C. McCurry, Detroit MMA general manager, principally because the Governor is not showing "much sympathy" in holding "the wild horse of spending" and because he (McCurry) is "unconvinced that the present revenue system is regressive" and that Michigan's tax program is any more of a "patchwork setup" than is found in other states.

Defended by Lincoln B. Frazier, Marquette, president and general manager of Campbell Supply Co.—one of more than 70 Upper Peninsula business and industrial executives who attended the gathering—because "Romney is doing what he thinks is best for the state."

**Seeks To Attract Industry**  
In chiding McCurry that some of the material presented to the U. P. group was "editorial rather than factual," Frazier declared: "You have lost sight of one of the main incentives of tax reform, and that is that we are trying to attract industry to Michigan."

In answering a question posed by Mario Fontana, Iron Mountain aviation official, McCurry made it plain that the Michigan Manufacturers Association board of directors has not yet taken an official stand on Romney's tax reform proposals, that the main purpose of the Ishpeiming meeting, as well as several to be held in Lower Michigan, was to disseminate information to MMA members to help them become better informed on the subject and to encourage them to make their views known to their legislators.

Accompanying McCurry to Ishpeiming were his assistant, George Wright of Birmingham, and George Van Peursem, Lansing, also an MMA official. A similar meeting had been scheduled for Blaney Park for Saturday, but was cancelled because many of those interested in attending preferred the Ishpeiming session.

**'Clash With Governor'**

McCurry told of a clash he had with the Governor over the need for spending reform, suggesting a higher education, welfare and mental health as some of the areas "that could be looked into" in that respect. Later, however, McCurry said Romney "is beginning to talk a little bit about it (spending reform), so maybe we're getting through to him."

"I remain unconvinced that state spending can't be cut," the MMA executive declared. "I'm also unconvinced that if you cut some services, this state of ours will go to hell."

He noted that the present tax system in Michigan, according to Citizens Research Council findings, "shows larger increases and smaller decreases (in revenue)" than the Governor's proposals would when figured for the last six years.

McCurry also expressed preference for a county income proposed by State Senator Clyde Geerlings, chairman of the Senate tax committee, "because it gives more taxing power and control to local units" of government.

**Expect More Proposals**

Wright, who presented a de-

tailed outline of the various reductions and increases that would be effected by the Governor's proposals, said he expected "other major tax plans to be submitted by lawmakers."

Asked at one point if an income tax, if approved by the Legislature would have to be submitted to the people—since Michigan voters have several times rejected income levies—the MMA officials said it would "not necessarily" have to be placed on the ballot to take effect.

"Even though some legislators want such a proposal on a referendum basis," they stated, "the Governor emphatically did not want consideration of his tax proposals linked to a vote of the people."

At another point, McCurry noted that "even the Kennedy administration feels that taxes on corporations and individuals are stultifying to economic growth."

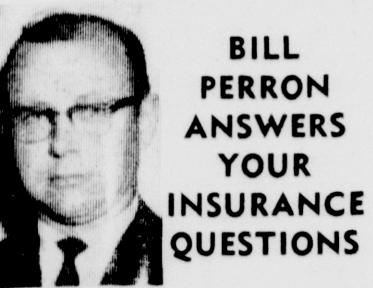

Pointing out that Michigan's "real problem is jobs—and more jobs," he declared: "Before you have jobs, you've got to have employers and you've got to have some investors."

## Four Peninsulans Get School Aid Through Legion

State Legion Commander C. Oscar Hammond of Northville, announces that 21 Michigan students will be awarded a total of \$4,200 through the Guy M. Wilson Scholarship program of The Legion Department of Michigan.

Each student chosen to receive the stipends will receive \$200 towards tuition at a Michigan university or college. Those receiving the scholarships include: Steven M. Conradi, Stambaugh High student, Caspian; Roderick J. Olson, L'Anse High student, L'Anse; Kenneth L. Tunell, Ishpeiming High student, Ishpeiming; and Richard Louis Palmeri, Northern Michigan College, Iron River.

# Mink Ranchers Plan Meetings

The Upper Michigan Mink Breeders Association members, wives and guests will hear Richard Westwood, Utah mink rancher and vice president of EMBA, at their annual fall banquet meeting at The Dells Supper Club Tuesday night.

Westwood will discuss the program of EMBA (national association of mink ranchers for the production of high quality mutation pelts) to the further extend its "seal of quality" product.

The toastmaster will be Ralph Hames, Minneapolis, representative of the New York Auction Co., and the meeting will be conducted by Gerald Theuerkauf of Menominee, president of the Upper Michigan Mink Breeders.

Another program of the mink breeders is scheduled to be held Wednesday at 8 p. m. at the VFW Hall in Escanaba, when there will be a discussion of marketing processes with William Fitzgerald, vice president of the New York Auction Co., and with Barry Coward of the same firm.

The discussion will center on the American practice of sending pelts to market with the skin out, compared to foreign practice of having them sold with the fur outward.

Joseph Goodman, who toured European mink ranches a year or so ago, will show slides. Goodman, a director of the Mink Breeders Association, has a ranch at Kipling.

How to add years to your life

**100**

100 years ago the average American could expect to live about 40 years. Today—about 70. Modern sanitation, diet, drugs and medical practice have added 30 years to our life span. And note that 70 is average. Many the sooner. Many live longer. You up your chances of being a "longer" if you eat properly and get proper medical care. This means periodic check-ups by your physician. As pharmacists we are pleased to help by supplying the drugs your doctor prescribes—drugs unknown a century ago. We're so conscious of the effectiveness of modern medicine that we're shooting for a life span of 100 years.

How about you?

The ceremony of setting of the cornerstone of the new St. Anne's Elementary School on Sunday is pictured, with from left: Rt. Rev. Matt LaViolette of Gladstone, Rt. Rev. Msgr. Martin B. Melican, dean of the Delta County Catholic clergy; Rev. Clifford Nadeau of Menominee, and Rev. Stephen Mayrand, pastor of St. Anne's. The school, convent and rectory of the new parish enclave on S. 23rd St. at 8th Ave. were blessed in the ceremonies. (Lee Studio Photo)

## Church Honors Rev. Hammar

Thirty-three years of service to the people of the Escanaba community and to Central Methodist Church by the Rev. Karl J. Hammar were recognized at an appreciation program held Saturday evening in the Church, attended by members of the congregation and friends.

The Rev. Hammar came to Escanaba in 1930 with his wife and 13-month-old son. Now the son, the Rev. Eric Hammar, is pastor of the Methodist Church at Ishpeming, and the elder Rev. Hammar is retiring as minister but will continue to make his home in Escanaba.

On behalf of the congregation and friends a gift was presented to Rev. and Mrs. Hammar by Jack Williams, lay leader, as a part of the Saturday evening program.

Wilmore K. Berglund was chairman of the appreciation program and others who participated were the Rev. Eric Hammar, Mrs. Alex Cathcart, Mrs. John Holland, Mrs. Chester Carlson, Miss Suzanne Cathcart, Don Guindon, Mrs. Earl Haddy, Francis Bolm and Lois Carlson.

The Rev. Jesse DeWitt, Detroit, executive secretary of the Board of Home Missions and Church Extension; and Dr. Ivan O. Gonser, district superintendent; and Pastor Erlend E. Carlson of the Delta County Ministerial Association, were the speakers.

In a speech before the party's state convention.

The Republican State Central Committee is in the process of being re-organized to conform to Michigan's new alignment of 19, instead of 18, congressional districts.

The Rev. Karl J. Hammar and Mrs. Hammar were honored Saturday at a reception in Central Methodist Church, where he has served for 33 years. Pictured are the Rev. and Mrs. Hammar and their son and daughter-in-law, the Rev. and

Mrs. Eric Hammar, and (from left) the grandchildren, Judith Ann held by the Rev. Hammar, Eric Jr., David and Stephen. Pouring is Mrs. Earl Haddy, president of the Women's Society of Christian Service. (Daily Press Photo)

## Durant Backers Get Injunction

DETROIT (P)—Supporters of Richard Durant, conservative boss of the 14th District Republican Committee, have won at least a temporary new victory over GOP forces of Gov. George Romney.

An injunction stymied Sunday plans of state and county Republican leaders to choose Wayne County representatives on the GOP's State Central Committee.

The injunction, on which a hearing has been scheduled Friday, was obtained by Earle Tinsman, a Durant supporter and one of four 14th District

members of the State Central Committee.

It was issued Saturday by Circuit Judge James Montante and served 22 hours later as GOP leaders gathered at the Grosse Pointe Park home of Mrs. Helen Dean, vice chairman of the Wayne County Republican Committee.

Tinsman charged that GOP State Chairman Arthur Elliott Jr. had called the meeting on only two days notice in a move to replace 14th District State Central members with four anti-Durant Republicans.

Tinsman also said the meet-

ing was designed "to eliminate the growing rank-and-file enthusiasm for Sen. Barry Goldwater for President."

Elliott termed Tinsman's claims "grossly inaccurate and irresponsible." The state chairman added he was sure Durant had a hand in obtaining the injunction.

Romney forces successfully fought Durant's re-election as a delegate to the 14th District Committee last year, but the committee elected him its chairman anyway.

Romney claimed Durant's past membership in the John Birch Society had destroyed his effectiveness, as a Republican leader and condemned him

## Mrs. LaCarte Dies Suddenly

Mrs. Edward (Elinor) LaCarte, 39, of Rte. 1, Escanaba, (Jaeger Road) died suddenly Sunday at 11:07 a. m. at her home.

Born Elinor Lois Wellman Oct. 16, 1923, in Escanaba, she had been a life long resident of the community and a member

of Immanuel Lutheran Church and the Lutheran Church Women.

Besides her husband, Edward; her parents, Mr. and Mrs. Sim Wellman, Escanaba; two daughters, Mrs. Richard (Sharon) McHenry, Rte. 1, Es-

canaba and Lauri Sue, at home; four sisters, Mrs. Norman Rusch, Watertown, Wis., Mrs. William St. Cyr, Mrs. Orville Jensen and Mrs. Thomas Lancour, all of Escanaba; and four brothers Harvey, Wells, Robert and John, Escanaba, and William of Moline, Ill.

Friends may call at the Anderson Funeral Home after 4 p. m. today. The body will be removed to the Immanuel Luth-

eran Church at noon Tuesday where services will be conducted at 2 p. m. Rev. Gordon Thorpe will officiate and burial will be in Gardens of Rest Cemetery.

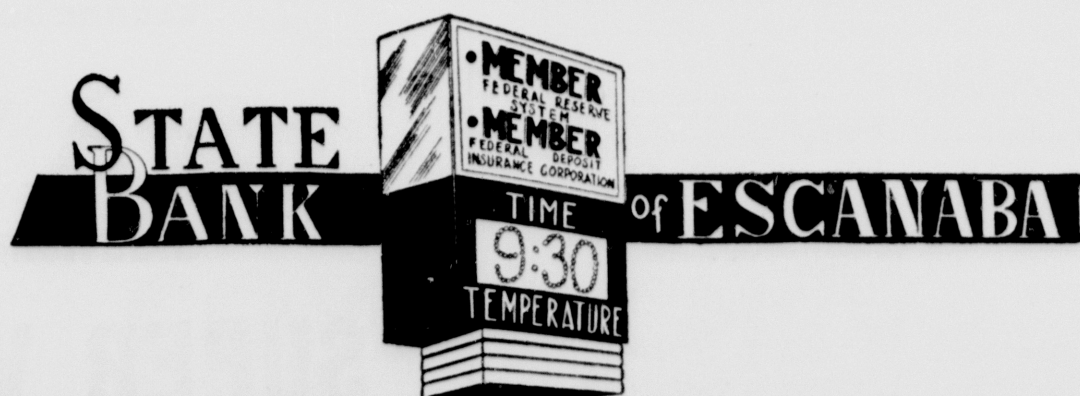

To scuttle a ship means to sink or attempt to sink it by opening holes in the bottom or sides.

## Discovering The U. P.

The Michigan Legislature has never paid as much attention to the Upper Peninsula as it has in the past couple years. The pace and scope of its interest is broadening and promises improvement in the State's official regard for the third of its area north of Mackinac.

(We shouldn't stress this "northern" aspect as Menominee, in the Upper Peninsula, is in the latitude of Alpena and the Escanaba and Iron Mountain areas are west of the top of the Lower Peninsula, not north of it.)

The visitations of our legislators in the Upper Peninsula are the state counterpart of the visitation of our congressmen in foreign countries when "school's out" at Washington. Both travel trends are welcome and useful. There are numerous indications that the increased inspection of the Upper Peninsula by Lower Peninsula legislators already has been helpful to this area.

Foreign visitors have commented frequently on the astigmatism of a state government which would leave fallow such an enormous resource as the Upper Peninsula. This failure has actually been compounded in the past by Lansing's regard for the U. P. as a "problem area" with an economy less buoyant than the state average.

The state outlook stressed economizing rather than developing. The Legislature cut off crucial matching funds for mineral mapping — a first step toward mineral industry — knocked the historical marker program so helpful to the recreation industry, denied funds to Michigan Tech for mineral research that would have stimulated the mining industry, failed to give wood industries the dynamism of state support which has taken south so much growth that could have gone to the Lake States.

There are reasons to hope that the increased attention of state legislators is changing the Legislature's attitude toward the Upper Peninsula because its knowledge of the area has been enlarged so sizeably. The phenomenal growth of Northern Michigan University is an evidence of this change, as well as of Northern's dynamic leadership. The emergence of Tech as a school of science from a school of mining is also notable.

New legislation on taxation of mineral industry is a most heartening evidence of a new awareness at Lansing of Upper Peninsula needs for economic survival and for growth. Minnesota, with greater resources and development, was far out in front of Michigan in research in low grade iron resources and has developed a larger industry in them. Now it proposes to ease its tax bite and bring in a new wave of mining industry.

Michigan must compete with such developments to get its share of the nation's domestic iron market, dwindling under the impact of high grade imports. Similarly government, with its control of so much of the wood resource of the U. P., is in a position of stewardship which has not performed well in industrial development. The area has been building its wood production but not its industrial consumption.

Michigan does not, like Indiana, Kentucky, Tennessee and some other states, venture directly in the state-owned resort business, but it is, through the State Tourist Council, State Conservation Department, State Highway Department and other agencies heavily involved in the increasingly important recreation business. The Upper Peninsula Committee on Area Problems organized by the county governments of the U. P., the Federal Area Redevelopment Administration and other agencies have tried to stimulate recreation business, but development still lags far behind the area's potential.

The Legislature's growing interest in the Upper Peninsula can help reduce the lag.

## Peace Corps Lauded

More than 1,200 Peace Corps volunteers are working in 11 Asian countries. Evidently their work is effective, for Asian leaders are honoring them, and another 600 trainees are being prepared for duty in the Far East.

When Peace Corps director Sargent Shriver went to Manila in late August to receive the Ramon Magsaysay Award for International Understanding, he stood in for all the Americans doing this job.

The Manila Evening News placed the tribute on their shoulders:

"What millions of dollars in machinery and foodstuff and other material gifts had failed to accomplish, the Peace Corps workers achieved in less than two years — an understanding with Asian peoples that promises to pass all tests."

The corps volunteers labor in nations which stretch in an arc from arid Afghanistan across the Indian subcontinent to Southeast Asia and the Philippines. Mostly they are teachers, but many assist in health, agriculture and community development programs.

Here and there teachers in the corps are placed at important colleges and universities. Generally, however, they are found in secondary and elementary schools in rural sectors.

The Philippines leads all Asian lands, with 474 Peace Corps workers, nearly all of them teachers. It seems fitting, therefore, that the award to Shriver in the corps' behalf was created in honor of the late Philippine President Magsaysay, known throughout Asia and the world for his integrity, humanity and devotion to freedom.

## Algae To Angler

Just as farmers have boosted and reboosted the nation's crop production by using modern fertilizers on their fields, so can lake owners fertilize nutrient-poor lakes to increase the fish population.

Ohio State University researchers have found that the proper fertilizer can stimulate the entire life chain from the lowest algae up to the final fish.

Nutrients from a single application of fertilizer can be trapped in a lake basin for as long as seven years, supporting large populations of algae and small plankton animals upon which fish feed.

Sounds like good news to fishermen.

## Lives Of Usefulness

The Department of Agriculture has come up with some longevity figures for household appliances which will interest many people — and probably make some of them mad and others feel superior.

With normal use, washing machines should last 11 years; electric sewing machines, 24 years; vacuum cleaners, 15 to 18 years; toasters, 15 years; refrigerators, 16 years; and television sets, 11 years.

By that time, most of them should be paid for.

## So They Say

The surest way to cause a war, nuclear war or any war, is to disarm.—Gen. Thomas S. Power, head of Strategic Air Command.

I never saw a wall that could be knocked down more easily. It cannot hold 17 million people back indefinitely.—Frank L. Howley, U. S. Commandant of West Berlin during the blockade days, visiting the Berlin Wall.

I'll admit that television has taken some disastrous detours, but that's no excuse for intelligent people to wash their hands of it.—Producer Leland Hayward.

I can well understand the fears of management, investors and employees that their businesses, their incomes and their jobs might be curtailed if the seed planted by this (nuclear test ban) treaty should grow to greater proportions... (but) there is not the slightest possibility that appropriations for defense purposes will be materially reduced by Congress in the foreseeable future.—Sen. George D. Aiken, R-Vt.

## The Doctor Says:

### Repair Of Spinal Cyst

By Dr. Wayne G. Brandstadt, M.D.

A mother writes that her son was born with a knot about the size of a hen's egg near the end of his spine and she wants some advice about treatment and the outlook for her son's future.

This is a fairly common birth defect. It is a failure of the normal closure of the lower end of the bony spinal canal in the development of the baby. In many cases the defect is so slight that it does not show externally and is detected only on X-ray films. In such cases the child is not handicapped in any way.

Even a knot the size of a hen's egg (and some are much larger) is not likely to cause any trouble if the knot is formed by a cyst or outpouching of the spinal canal that includes spinal fluid but not any of the nerves of the spinal cord. In such cases a surgical repair or obliteration of the cyst can be accomplished readily.

This should not be done until the child is about three years old and toilet training is complete. The operation is necessary because it is hard to protect a growing child from accidental injury to the protruding cyst.

If there is any evidence of paralysis of the legs or if toilet training is impossible, you can be sure the cyst contains displaced spinal nerves. In this case the outlook for improvement is poor because no operation to restore the function of these nerves has been devised. Thus, it can be seen that with

## Edson In Washington

By PETER EDSON

WASHINGTON—(N. E. A.)—President Kennedy's goal for a \$2 billion or 10 per cent increase in U. S. exports to wipe out America's balance of payments deficit in 1964 was not equalled in 1962 and will not be achieved this year.

This is the opinion of Fred C. Foy of Pittsburgh, board chairman of Koppers Co. and vice-chairman of the two-day White House Conference on Export Expansion.

So the going for next year will be tough.

But the drive to increase America's foreign trade now moves out of Washington and into the country with 39 Little White House Conferences on Export Expansion.

These conferences will be held within the next month by the 39 U. S. Department of Commerce field offices in co-operation with regional Export Expansion Councils.

The 800 members of the Export Expansion Councils are private businessmen.

This program, which has been dubbed "Operation Ten Thousand," is intended to interest 10,000 more American manufacturers, who are now selling only on the domestic market, to get into foreign trade.

If each one of these 10,000 could do \$200,000 worth of export business next year, the \$2 billion goal would be reached.

At the present time between 15,000 and 20,000 U. S. manufacturers sell abroad. Nobody knows the exact number. But the 500 biggest exporters do 75 per cent of the business.

The final report of the big White House Export Confer-

ence of 200 private business leaders has now been submitted to President Kennedy by Secretary of Commerce Luther Hodges. It contains detailed recommendations from 11 subcommittees of businessmen on what should be done to build up U. S. exports 10 per cent.

The conference itself got off slightly on the wrong foot by holding a press briefing immediately after adjournment. The 11 committee reports hadn't been fully analyzed or properly summarized.

The result was an impression that the principal recommendations were to give U. S. industry an incentive tax benefit, to get them into the export business and to resume trade with Soviet Russia and other Communist bloc countries.

Those two subjects were recommended for survey by the government in view of changed world conditions. But both would require changes in existing laws. And Congress in its present mood on taxes and Russia won't grant either this year.

Only last June, Congress unanimously approved a three-year extension of the Export Control Act.

Other recommendations of the 11 subcommittees, as summarized by Eugene M. Brademan, director of the Bureau of International Commerce, include these main points:

- Revise ocean freight rates, which now make shipments from Europe to America cheaper than from America to Europe.

- Set up a commission to review American anti-trust laws as they affect export business and to speed up handling of applications for exemptions by Department of Justice.

- Provide for better financing of export operations with liberalized credit and guarantees by Export-Import Bank and the Foreign Credit Insurance Assn. of 70 private companies.

- Push tariff negotiations under Foreign Trade Expansion Act of 1962, with hard bargaining to give U. S. firms equality in competition and to include American agricultural products.

- Ask labor unions to conduct educational campaigns with members on idea that foreign investments do not necessarily deprive American workers of jobs, but actually create employment, since branch plants are set up primarily to preserve markets in compliance with foreign protective tariff laws.

- Simplify foreign aid procurement policies which now have so many regulations small business can't handle them.

- Improve foreign commerce education in business schools.

- Take U. S. commercial attaches in American embassies away from State Department control and return them to Department of Commerce, where they were prior to 1939.

- Improve Department of Commerce market surveys and information services for benefit of American exporters.

- Continue and expand existing Department of Commerce programs for U. S. trade missions, fairs and centers overseas.

Fasting is not peculiar to any one religion but has been found from early times among peoples widely scattered over the world.

## Memory Lane

By J. R. LOWELL

Ten Years Ago

The Rev. and Mrs. Harold Martinson and daughter Carol, left today for Blackfoot, Idaho, where Rev. Martinson is assuming the pastorate of the First Baptist church in that community.

A recently published article in a magazine of national circulation was illustrated with a "map of Michigan" showed only that portion of the state below the Straits. A storm of protest followed and the editor of the magazine has apologized, stating that he has spent several vacations in Upper Michigan and holds that area in high esteem.

The Gladstone Rotary club at yesterday's meeting, proposed the name of Harold Beaton for district governor of Rotary Clubs. This proposal has been forwarded to the nominating committee of the district.

Twenty Years Ago

Howard Graff, of Manistique, has been named chairman of the newly organized youth council in that city.

John A. Campbell, an employee of the Soo Line for the past 37 years, recently announced his retirement.

Mrs. C. A. Lund, wife of Dr. C. Albert Lund, pastor of Bethany Lutheran Church died today. An accomplished musician, she will be particularly remembered for her contribution to the musical part of church life.

Thirty Years Ago

Harold P. Lindsay, secretary of the Escanaba Chamber of Commerce, has been elected exalted ruler of the Escanaba Elks Lodge. He succeeds George Harvey.

A recent move to build a road leading to Tahquamenon Falls, is meeting vigorous opposition. Opponents to the move protest that the area's chief attraction is its primitive wildness and that a road would cause the area to lose half of its charm.

Father Gagnier, S. J. of Sault Ste. Marie, known in the region where he serves as missionary priest among the Indians as "the last of the Black Robes," has announced that he is forced to retire from his arduous duties because of infirmities due to old age.

## Teachers Meet Here On Oct. 11

An experiment in leadership training for teachers will be conducted in the Sherman Hotel, Oct. 11 when the Department of Classroom Teachers holds its leadership convocation for the Upper Peninsula.

The DCT, an affiliate of the Michigan Education Association, is holding six such conferences throughout the state this fall. The Escanaba workshop is expected to attract over 200 teachers.

Cecil C. Elmore, MEA assistant executive secretary in charge of programs, said: "One of the main purposes of the convocations is to acquaint classroom teachers with the program of the DCT. We are concentrating our efforts in the areas of teacher welfare and the improvement of instruction methods. We hope these convocations will bring the services of the DCT closer to the on-the-job classroom instructor."

The session will be opened by DCT President Richard Wirth, Detroit, who will discuss "Leadership and the Program of DCT."

A symposium on active membership is next. DCT President-elect Florence Mason, Manistee, will speak on the National Education Association's project on instruction. Membership, legislation and publications will be discussed by the chairmen of those respective committees.

The entire Upper Peninsula is included in DCT Areas 16, 17 and 18.

Darrell T. Joque, the son of the Walter Joques of 1220 1st Ave. S., is a National Merit Scholarship semi-finalist. A senior at Holy Name High School, Darrell plans to enter Michigan College of Mining and Technology, Houghton.

## State Briefs

**DETROIT (AP)**—The four-day annual congress and equipment show of the American Public Works Association opened here Sunday, with 5,000 delegates from government and firms producing public works equipment expected to attend.

**DETROIT (AP)**—Gov. George Romney, Detroit Mayor Jerome P. Cavanagh and Secretary of Health, Education and Welfare Anthony Celebrezze will head a Columbus Day parade in Detroit.

**DETROIT (AP)**—U. S. Rep. John D. Dingell, (D-Mich.), will be honored at a dinner Oct. 16. Edward Robinson, chairman of the event, said former Gov. John B. Swainson and Sen. Philip Hart, D-Mich., will attend.

**DETROIT (AP)**—Gov. George Romney will be the principal speaker Thursday at the 54th annual meeting of the Detroit Chapter of the American Red Cross.

## Next 3 Months To See Upswing

**DETROIT (AP)**—Michigan's business activity is headed for record levels during the next three months, and employment will climb with it, Michigan Trends predicts.

The monthly economic forecast, issued by Raymond E. Danlo Associates of Detroit, said:

"The firm base of steadily rising employment in Michigan's manufacturing plants provides strong support for continued growth in construction, transportation and service industries."

"The increasing activity in these industries is indisputable evidence that Michigan's total

economy is gaining substantial strength.

"The confidence of Michigan's consumers has been shored up by the prolonged and steady advance in employment and is reflected in both retail sales and savings. Payrolls in the fourth quarter are forecast to exceed 1962 by 5 per cent and retail sales are expected to show a gain of about 2.5 per cent during the same period," Trends said.

### STILL STOPS THEM

**ROME (AP)**—An old Hercules stopped a new bulldozer on a road outside Rome.

The bulldozer was flattening a hump of earth when the blade hit hard below the road and stopped. Workmen with shovels uncovered a heavy sarcophagus carved with a figure of Hercules. Archeologists dated the find from the third century A. D.

Mercy College, a 950-member student body girls school in Detroit, has an oddity on the campus in the persons of Jerry Sup, left, and Robert Woods, both 19, who registered for the fall term at the college. The boys are shown getting acquainted with a group of their new schoolmates. Both are products of Detroit suburban high schools and said they like the general campus atmosphere. Both agreed each is being treated "like one of the girls." School officials said it's part of an expansion program. (AP Wirephoto)

## Does BLADDER IRRITATION

**MAKE YOU NERVOUS?** After 21, common kidney or bladder irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in urous, acid urine and by analgesic pain relief. Get CYSTEX at drugstore. Feel better fast.

Ann Landers  
Don't Allow Dating Until She's Ready

Dear Ann: I am a middle-aged bachelor. Several months ago I began to keep steady company with a widow. She loves cats and has two—a silver tabby and a rather fluffy one.

I never cared for cats and I resented her paying so much attention to them. On two occasions she asked me to drive her to the vet with a sick cat and it spoiled our plans for the evening.

Last week the fluffy cat was sitting in the middle of the driveway as I arrived. I was going slowly and could have stopped—but I kept right on going. Yes, I killed the cat.

My friend appeared at that moment. She became hysterical, picked up the dead cat as if it were a child and screamed for me to leave and never come back.

I'm sorry I killed her cat, but it was only an animal and I fail to see why she carried on like a maniac. My brother says if she is so nutty that she would break up our friendship over this, it's a good thing I didn't marry her. What is your opinion?—S. X. Z.

Dear S. X. Z.: What a hideous, unspeakably cruel thing! You intentionally killed your friend's little pet. In my book you are a sadistic nut who should seek psychiatric help. And take your brother along with you.

Dear Ann Landers: Two years ago when our daughter Lucille was twelve years old she began to nag me about be-

ing allowed to date. I told her she could date at 14.

To be honest with you, Lucille was a sensible, mature 12-year-old and I felt certain that two more years would see her a grown-up young lady.

Well, she will be 14 in three weeks and I realize I made a mistake. The girl is immature, undependable and untrustworthy. I've asked her repeatedly to phone me when she plans to go somewhere after school. She often "forgets" to call and I worry myself sick until she walks in at 6:30 and says she went to the library.

Her room is like a pig sty. She must be told 10 times to sew on a button or mend a hem. I get so tired of nagging her to do the supper dishes that I often do them myself.

Lucille constantly reminds me that I promised she could date at 14 and now I must keep my word. Please help me do the right thing.—FRANTIC

Dear Frantic: You've already made one bad mistake. DON'T make another now.

Tell Lucille you expected her to be ready to date at 14, but she is not ready and therefore you can't allow it. Explain that privileges entail responsibilities. When she behaves in an adult and responsible manner she will be accorded adult privileges. Outline in detail what you expect of her—from A to Z. Tell her you will be watching for improvement.

And give her every break.

Dear Ann: I wonder if people who are forever borrowing realize how much bother they

are? I suppose an easy way to get rid of such pests is to say you don't have it. This is fine for flour and milk and butter and eggs, but what about a vacuum sweeper, a steam iron and a floor polisher which they know you DO have—because they've borrowed these items before?

These people can afford the necessities. The problem is, how do I say no without alienating them? Perhaps if I were a borrower myself I would be more sympathetic but my husband taught me long ago that a borrower is a poor manager. Can you suggest a tactful out?

—BORROWED OUT

Dear Out: Some people are not irritated by borrowers, in fact they are happy to help a friend. It's apparent, however, that you are irritated. So tell them: "Sorry, but I'm through lending things." If people cross you off their lists because they can no longer use you, you haven't lost much.

To learn the knack of feeling comfortable with the opposite sex, send for ANN LANDERS' booklet, "How To Be Date Bait," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

# Hoffa Stresses Political Action To Keep Gains

James R. Hoffa, president of the Teamsters Union, told more than 500 diners at dedication of the Teamsters Hall of Local 328 here Saturday night that unions are in greater jeopardy today than at any time since they came to power in bargaining with employers.

The threat, said Hoffa, is legislation that will curb union powers, particularly by denying unions the right to strike, and by placing them under the provisions of the Sherman Anti-Trust Act.

To combat this threat, said Hoffa, the Teamsters Union is spending between \$5 and \$8 million this year and next year, a presidential election year, it will spend more. Hoffa said the money is being spent in political education of the union's 1.7 million members for support of candidates for government office that the union favors and in opposition to what he called anti-union legislation before Congress.

**Political Program**

Hoffa, in a statement in Detroit Sunday, said it would take four years for the Teamsters, the nation's largest labor union, to bring its political action program to full effect. The Teamsters' boss said 25,000 women are being sent to Washington this year at union expense "to witness the arrogance of our representatives in Congress, who say it is none of our business and they will pass what laws they want."

A group of Upper Peninsula women who returned from Washington on Friday were introduced and sang a parody on "On Top Of Old Smoky" in which they quoted Attorney General Robert Kennedy of saying "I'll get Jimmy Hoffa, or jump from the Dome," and "My union comes first; your threats do not scare me; your bubble has burst."

The Teamsters' political unit is called DRIVE and the letters stand for Democratic and Republican Independent Voter Education.

**Alsten In Loud**

The dinner for Teamster officials and members and their wives at the Teamsters' attractive new hall in the former Knights of Columbus building followed a ribbon cutting ceremony at 5:45 opening the hall formally and celebrating the local's 25th anniversary. Arnold Alsten, secretary-treasurer of the local, presided at the dinner program and was credited by speakers with much of the success of the local, whose headquarters he moved from Marinette, Wis., to Escanaba.

Emmett Terry, president of Wisconsin Joint Local 39 of the Teamsters, told the dinner meeting "I remember when 328 was on the second floor of the Public Service Building in Marinette and had no buttons to burst with pride." From 200 members the local has now grown to 3,000 in the Upper Peninsula and northeastern Wisconsin.

"The Teamsters have always had drive or they wouldn't be the force they are today. Now we've got to use it in the political field or we can lose in one day's legislation what it has taken us 25 years to accomplish."

Otto Wendell of the DRIVE organization said "We've got to fight today at the ballot box to protect what we got at the bargaining table."

**Concern About Jobs**

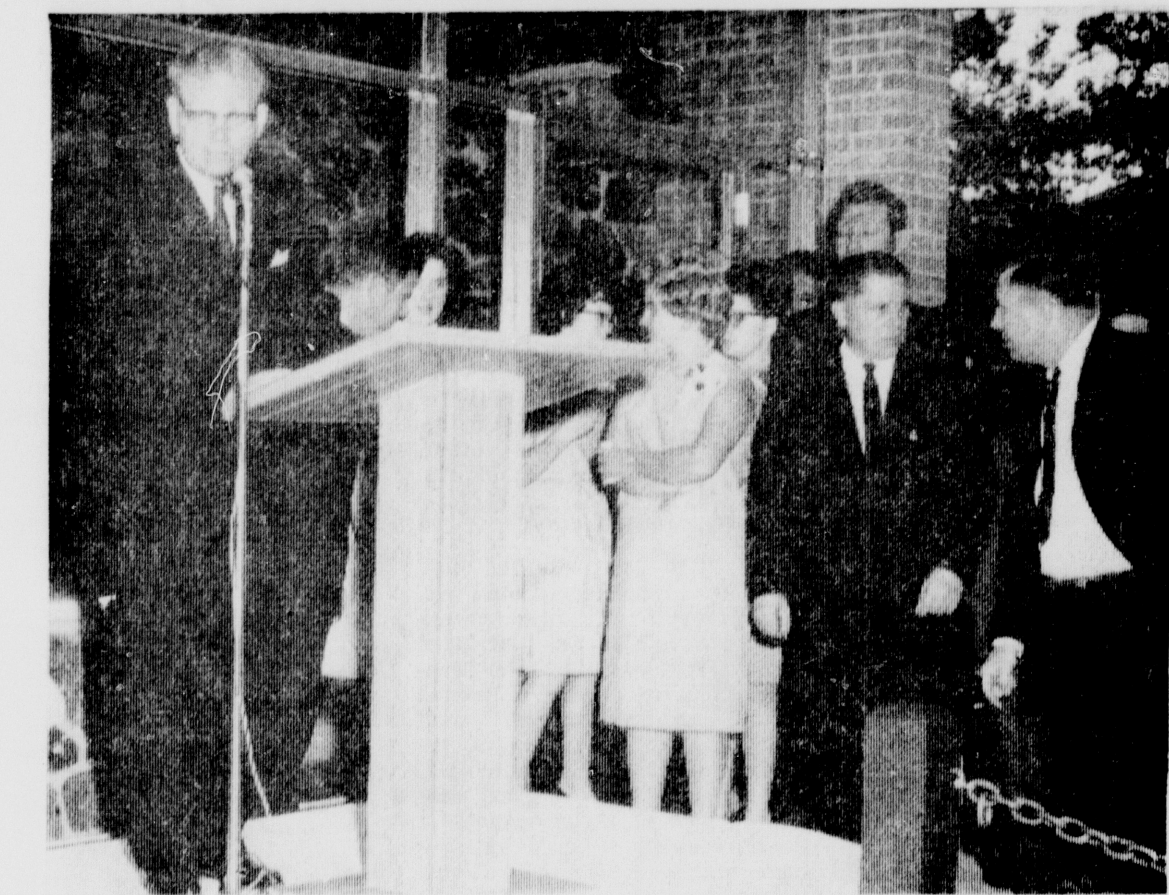

Other speakers included Roy Costley, president of 328; Robert Holmes, president of 337 and secretary-treasurer of Joint Council 43 of Detroit.

Hoffa said "Our duty is to have a union strong enough to meet what the government is projecting (a populous future with large, static unemployment.) Our senators and congressmen in Washington don't realize what is happening in America. We lose 1.8 million jobs a year to machinery and automation, and we need 55,000 new jobs each week just to take care of the young people coming into the labor field."

In a press conference at the House of Ludington in which he said he supported Governor Romney's tax reform program — "We're running a big state and somebody's got to pay for it" — Hoffa gave his views on a wide range of subjects, fired a few more shots at the Kennedys, predicted economic troubles ahead and saw a future with millions always unemployed in which unions will have to fight hard to keep jobs for members.

**Fights Arbitration**

Compulsory arbitration of the railroad job issue legislated by Congress is "very bad," said Hoffa. He saw it leading to union forfeiture of the right to strike. "Analyze any of the bills," he said "and the only difference in their structure

Arnold Alsten, left, secretary-treasurer of Local 328 of the Teamsters Union, presides at ceremonies dedicating the new headquarters building of the local in Escanaba. Second from right is James R. Hoffa, president of the Teamsters, the largest labor union in America with 1.7 million members, talking with a fellow unionist. (Daily Press Photo)

## Newberry Aged Newberry Resident Dies

Oscar F. Carlson, 85, of E. Truman Ave., died Sunday morning at his home following a lengthy illness.

Mr. Carlson was born Aug. 6, 1878 in Nederveid Norby, Finland, and came to the United States in 1898. He had been a resident of Newberry since 1899.

His marriage to Mary Hill took place in Newberry Dec. 27, 1902. She died in 1951.

He had been employed by the Charcoal Iron Co. of Newberry for 39 years until his retirement. He was a member of the Bethlehem Lutheran Church and of the Woodmen of the World.

Surviving is one daughter, Mrs. Esther Benson of Toledo, Ohio; two sons, Arthur of Northville, Mich. and Herman of Newberry; eight grandchildren; 10 great-grandchildren; a sister, Vera, in Finland; three brothers, Hugo, in Finland and Herman and Justus, both of Duluth, Minn.

The body was taken to the Beaulieu Funeral Home where friends may begin calling after 1 p. m. Tuesday.

Funeral services will be conducted from the Bethlehem Lutheran Church at 2 p. m. Wednesday with the Rev. Everett Torkko officiating. Burial will be in Forest Home Cemetery.

## Delta Charities Workers Named

Volunteers who will serve as chairmen of townships in Delta County for the United Charities fund drive were announced today on the eve of the kick-off program to be held in the State Office Building at 7:30 tonight.

The township chairmen and others have been urged to attend tonight's rally at which information and materials will be distributed to the workers. There are nine participating agencies in the United Charities and the goal is \$50,000 to provide them with operating funds in the year ahead.

Township chairmen for Delta United Charities are:

Jerry Paar, Ford River, general chairman for the townships; Baldwin Township—Mrs. Alex LaChance; Bark River—Leo Knauf; Schafter—Altona Greenwood; Bay de Noc Township—Mrs. Wilbert Leadman; Brampton—Mrs. Gordon Huttie; Cornell—A. J. Sanville; Ensign—Mrs. Olaf Larsen; Escanaba Township—Leo Brunelle; Fairbanks—Mrs. Sherman Gierke; Ford River—Mrs. Don Wellman; Garden—Roland Boudreau; Maple Ridge—George Kulack; Masonville—Harold Gustafson; Nahma—Roland Brammer; Wells—Mrs. William Premo.

Participating in the United Charities funds will be the Girl Scouts, Camp Fire Girls, Boy Scouts, Salvation Army, Red Cross, Child Guidance Clinic, Bay Cliff Health Camp, Delta County Chapter for Retarded Children, and the Y. M. C. A.

## C&NW Seeking Rock Island

The Chicago & North Western Railway announced today that its exchange offer of cash and securities for the stock of the Chicago, Rock Island and Pacific Railroad Company is for the first time being distributed to Rock Island shareholders.

Under North Western's offer, Rock Island shareholders will receive, for each share of their common stock: one \$30 principal amount North Western 6% collateral trust income bond maturing in 50 years, plus \$5 cash; plus 0.2778 of a share of North Western common stock, which had a market value on Sept. 13, of \$30 a share.

If 100 per cent of the 2,916, Rock Island shares outstanding were exchanged, the North Western would issue 6% collateral trust income bonds totalling \$87,501,330 principal amount; 810,320 shares of North Western common stock and would also pay \$14,583,555 in cash. On a 100 per cent exchange, the 810,320 shares of North Western common stock which would be issued to present Rock Island shareholders would equal the number of North Western common shares presently outstanding.

The North Western said that "North Western management studies indicate estimated annual benefits under control to be \$15 million. The studies also indicate estimated annual benefits of \$25 million in event of subsequent merger."

The railroad explained that the benefits would be derived from the reduction of overhead costs, elimination of duplicating operating facilities, coordination of facilities and operations and increased freight revenues. It pointed out that benefits are such that under control the major portion would accrue to the Rock Island.

Such future benefits participation would not be offered to Rock Island shareholders, it pointed out, under a proposed Union Pacific-Rock Island merger plan. As announced, the Union Pacific-Rock Island merger plan calls for the exchange of 0.718 of a share of Union Pacific common stock for each Rock Island share.

The North Western also said it did not believe the Union Pacific merger plan would receive Interstate Commerce Commission approval. "The very difficult obstacle facing any Union Pacific-Rock Island merger," it said, "is the fact that such a merger would give the Union Pacific a line into the important railroad gateways of Chicago, Peoria, St. Louis and the Twin Cities of Minnesota, and would give it an unusual advantage over railroads serving those points with which it now interchanges traffic at Omaha and Kansas City."

## Delta's Grouse Prospects Good

The grouse hunting prospects Tuesday in the Escanaba District are the best in the Upper Peninsula, on the basis of spring brood counts, drumming counts and other field checks, says Joseph Vogt, game supervisor of the district for the Conservation Department. The district embraces Delta and Marquette counties and the west half of Alger.

The upland game hunting season starts Tuesday in Michigan and Vogt says that all indications point to more birds for hunters than last year, which he rated a good hunting year.

Fewer grouse were indicated by counts to the east and to the west of the Delta-Marquette-Alger District in the Upper Peninsula. Vogt recommended state lands with second growth and brushy openings for grouse hunts.

He said the cult of sharp-tail hunters would be out for their favorite game. The sharp-tail is bigger than the more familiar ruffed grouse, but less esteemed as a table bird. It frequents forest openings, is hard to approach, flushes in coveys and gives the hunter a fast target. The Birch Farm east of the Dutch Mill above Rapid River and the Moss Lake area are sharp-tail favorites.

The counts of woodcock are also up, but these birds are not much hunted locally.

Hare and cottontail counts are up but the rabbit hunters usually pursue their sport more after snow arrives to provide tracking.

The bow and arrow season for deer starts Tuesday. Any deer may be shot by bowman in Delta and other local counties except Menominee and Chippewa, which restrict archers to buck deer.

The waterfowl season starts at noon on Saturday with a bag limit of four in a day, including not more than two mallards or two black ducks.

## Vote On Jail Light In City

The vote in the City of Escanaba's nine precincts and in Gladstone's four precincts to noon today was light in balloting on the proposal to levy 2 mills for one year to finance construction of a Delta County jail.

Polls will be open in all precincts in the cities and the townships to 8 tonight.

The Delta County Board of Supervisors is asking a "yes" vote on the proposition. Should the proposal carry the county will receive a grant of \$177,000 from the federal government to pay half the cost of the project.

## Auxiliary Will Meet Wednesday

St. Francis Hospital Auxiliary will hold a regular business meeting Wednesday, Oct. 2 at 2 p. m. in the doctor's room at the hospital. John Lemmer will be guest speaker. The board meeting will be held at 1:30 the same day.

## MILITARY RESERVATION

Largest military reservation within a city's limits in the United States is San Francisco's Presidio. First selected as military headquarters for the soldiers of Spain's Charles III in 1776, it covers 1,540 acres.

## Bear Rambling At Indian Lake Causes Concern

The Indian Lake area is closely watching its children and outdoor appurtenances since a big bear, about 250 pounds, was sighted last week by Mrs. David Quinn, who looked up to see it eating from a large garbage can he had overturned.

The animal limps and lumbered off across the yard. He has been shot at twice. Constable Leo Dean has been alerted. "Limpy" has left tracks in numerous areas near the lake.

## Area PTA Meet Is Cancelled

The area PTA meeting scheduled Oct. 2 at Lakeside school has been cancelled. Residents are asked to attend other area meetings scheduled.

## Briefly Told

State Police are investigating theft of a wallet with a small quantity of money from the car of James Lemaster, while it was parked near Blaney Park.

A ticket for defective muffler was issued by State Police to Louis Springer of Twin Lake.

Our Lady of Fatima Circle of St. Francis de Sales Church meets Tuesday at 8 p. m. at the home of Mrs. Mary Rozich, Cedar St., with Mrs. Mary Seling and Mrs. John Tiglas as co-hostesses.

## Obituary

**CHARLES WATCHORN**  
Services were conducted Sept. 24 in Pilgrim Holiness church, Fayette, for Charles Watchorn, 58, pallbearers were Roy Laux, William Smith, Romeo Rochefort, Joseph Pope, Bernard Grenier and Herman Robare. Honorary pallbearers were Virgil, James and Darrell Pizzala, Eugene Swanson, Otis Smith and Romeo Strinklan. The Rev. I. N. Palmanteer officiated. Burial was in New Garden cemetery.

**LOG TOTERS**  
Kraho Indians of Brazil run ceremonial relay races carrying palm logs weighing between 20 and 200 pounds. The curious, semi-religious sport is practiced on holidays and at the end of hunts.

Strikeouts - Koufax, Los Angeles, 306; Maloney, Cincinnati, 265.

## Red Sox Boast Batting Champ

**NEW YORK** - Although their final standing the past few years has not been what their fans had hoped for, the Boston Red Sox have the knack for producing American League batting champions.

Carl Yastrzemski, the young Boston outfielder, captured the AL title in 1963 with a .321 average. This was the fifth time in the last seven years that a Red Sox player has won the crown.

Pete Runnels was the pacesetter in 1960 and 1962 while Ted Williams, also of the Red Sox, led in 1957 and 1958.

In the National League, Tommy Davis of the Los Angeles Dodgers finished in first place for the second straight campaign. His average after Sunday's final games was .326. Davis led in 1962 with a .346 mark.

Harmon Killebrew of Minnesota was the American League home run leader with 45 while Dick Stuart of Boston had the most runs batted in, 118.

Hank Aaron of Milwaukee slammed his 44th homer in Sunday's game against the Chicago Cubs, enabling him to tie San Francisco's Willie McCovey for the National League lead. Aaron also took the RBI title with 130.

**HONOLULU** - Ben Warley's basket at the final buzzer gave the Philadelphia 76ers a 104-102 victory over the San Francisco Warriors in an NBA Exhibition basketball game Sunday night.

**Help Wanted-Male-Female**  
WANTED AGGRESSIVE Couple to assist me in my poultry and egg operation. House furnished. M. L. Hall, Cornell.

**ATTRACTIVE POSITION** Man or woman 25-60. Good personality and background. Guaranteed income. Opportunity for advancement. For local interview, write fully to District Manager, box 7816 care of Daily Press.

# Eskymos Defeat Redmen For Fifth Straight

## In This Corner

with Ray Crandall

Former Upper Peninsula coaches and athletes found the going rough in down state prep football action over the weekend . . . Bay City Handy, coached by former Eskymo mentor Al Sigman, was one of the few to notch a victory . . . Sigman's gridders downed Alpena 26-6.

Jack Finn's Battle Creek Central team fell from the undefeated ranks, bowing to East Lansing 7-0 in one of the state's top Class A games . . . The Bearcats had won two straight and were ranked among the top five in the Associated Press, United Press and Detroit Free Press ratings.

Pellston, coached by Tom St. Germain, suffered a 19-0 setback to Mancelona.

Coach Paul Baldwin's Muskegon Big Reds took a 19-0 licking from Traverse City in another downstate Class A feature . . . Baldwin is a former Escanaba Eskymo athlete and is assisted in football by Pete Kutches, all-time great St. Joe athlete.

## Red Wings Trim Buffalo Bisons

BUFFALO, N.Y. (AP) — With Gordie Howe scoring the hat trick of three goals, the Detroit Red Wings plastered the Buffalo Bisons of the American Hockey League 9-1 Sunday night in an exhibition game.

Detroit now has a 6-1-2 record in exhibition play. The Red Wings open their National Hockey League season a week from Thursday.

## Tiger Attendance Down 25 Per Cent

By The Associated Press  
The Detroit Tigers' attendance for the 1963 season slumped approximately 25 per cent below 1962.

The Tigers lost 385,908 from last year. Their total 1963 home turnout was 321,973 as compared to 1,207,381 last year.

## Munising Edges Gladstone With Late Touchdown

MUNISING — The Munising Mustangs struck it rich in the closing minutes of their Great Lakes Conference game with Gladstone here Saturday.

Coach Wayne Sickler's gridders took to the air lanes to score a 21-20 decision over the Braves.

The payoff pitch came with three minutes remaining in the game and the play covered 60 yards. Quarterback Mike Oas connected with halfback John Radcliffe who had slipped behind the Gladstone secondary. The touchdown tied the score at 20-20.

Oas stayed in the air for the deciding extra point, tossing to flanker John Shauver to give the Mustangs their one point margin of victory.

The triumph was Munising's fourth in five starts and keeps the Mustangs on the heels of Escanaba and Sault Ste. Marie in the Great Lakes Conference race.

Tom Donires was a tower of strength for Gladstone. The 220 pound senior scored all 20 of the Braves' points. He worked overtime on offense with 33 carries for 90 yards. Switching to the line on defense, Donires made 15 tackles and recovered one Mustang fumble.

The Braves used that fumble to open their scoring. Donires hopped on it on the first Munising scrimmage play on the two yard line and he plunged over on Gladstone's first play. Donires scored the point but the Braves were penalized and he missed the placement from the seven yard line.

Munising tied it at 6-6 with Wayne Martindale sweeping eight yards to cap a drive.

Late in the first period the Braves had their backs to the wall and quarterback Jay Knutsen fumbled a handoff in the end zone. Donires recovered and Munising had a safety and an 8-6 lead.

Donires blocked a Munising fieldgoal attempt in the second period. On the first play of the second half Radcliffe ripped 35 yards to put the Mustangs ahead 14-6.

Donires hit paydirt for the Braves twice in the fourth period. He scored from the two yard line and ran the point to cut Munising's lead to 14-13. He crashed over again from the

four and ran the point to give Gladstone a 20-14 lead with four minutes left.

Following Munising's winning touchdown, the Braves gambled on their own 30 and missed a first down by an inch. Munising ran out the clock. Dan Schram picked up 101 yards in 14 trips for Gladstone and the Braves hit on two of five passes for 42 yards. They ran off 67 plays to 43 for Munising.

Bruce Hardwick joined Donires, Bob Randall, Emery Dault and Bruce Heslip as defensive standouts for the Braves.

Gladstone is back in action in a home stand against Manistique Saturday.

## Eagles Snap Loss String

STEPHENSON — The Stephenson Eagles, fired up with their homecoming festivities, snapped a four game losing string here Saturday night by whipping Newberry 27-14 in a Great Lakes Conference battle.

Coach Axel Anderson's Eagles slammed over touchdowns the first two times they had the ball and built up a 21-0 lead over the Indians.

Jim Dougovito scored three touchdowns for Stephenson, hitting paydirt on runs of three, five and 25 yards. The other Stephenson TD came on a 48 yard pass play from quarterback Dave Bush to end Clarence Peterson. Jerry Lutri scored three extra points.

Both of Newberry's touchdowns were tallied by halfback John Hendrickson. He scored on runs of 30 and four yards.

## Hanson Pitches Pair Of Touchdown Passes

The Escanaba Eskymos put one foot into the Great Lakes Conference throne room here Saturday, with an impressive 21-0 triumph over Marquette.

Coach Jerry Cvangros' gridders will attempt to throw the GLC door wide open Next Friday night when they travel to Sault Ste. Marie.

Saturday's homecoming victory was Escanaba's fifth straight this fall and fourth in conference competition.

Soo, co-champion with Escanaba last year, also has won five straight games but only three have been against GLC foes.

The Eskymos blended a solid defense with a versatile offense to dominate all phases of the game against Bill Hart's invaders.

Brookes Sets Pace

Five Esky runners churned the slippery gridiron for 165 yards, paced by Chuck Brookes with 57. Jim Clairmont added 46. Dave Boileau 30, Terry Dufour 22 and Jerry Hanson 19. Clairmont kept the Marquette defense off balance as a decoy most of the afternoon. Brookes had his busiest day of the season with 14 carries.

The Eskymos made limited use of the air lanes, but it paid big dividends. They tossed seven passes and completed four for 104 yards and two touchdowns.

Hanson turned in a masterful performance at quarterback, juggling his backs effectively and pitching strikes when his receivers were clear. He tossed both the TD passes to big end Carl Olson. Brookes pounded over the other touchdown and Olson kicked the extra points.

Benson Intercepts

The teams slugged it out in a scoreless first period on turf that was wet and heavy from an all-morning rainfall. Midway in the quarter defensive halfback Pete Benson intercepted a Marquette pass at midfield and late in the period Steve Ohman hopped on a fumble by John Urbina on the Marquette 25.

It took the Eskymos 11 plays to move the ball 25 yards for their first score. Brookes slammed over the final four in a pair of plunges into the line, the last going one yard to the double stripe. Olson's kick made it 7-0.

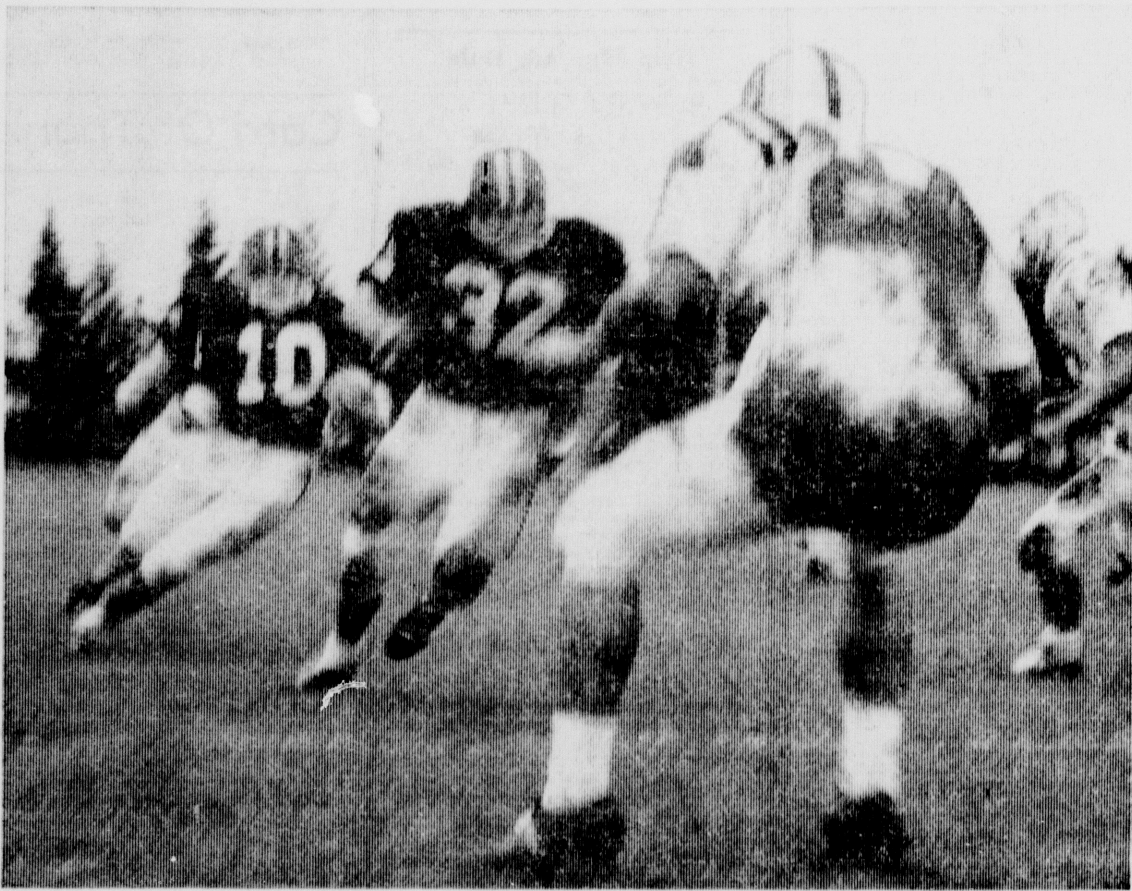

Marquette cooked up some trouble with a drive that reached the Eskymo 36, but the Redmen were stacked up in a fourth down situation and the Eskymos took over. Benson and Brent Baum made key tackles to help stop the drive.

Six plays later the Eskymos had doubled their score. Clairmont and Brookes ripped off 30 yards in four trips before a holding penalty set the Eskymos back. Hanson pitched a 15 yarder to Olson who picked up a perfect block by Baum and rambled the rest of the way to paydirt, the play covering 47 yards. Olson's kick made it 14-0 with 1:38 remaining in the half.

Goal Line Stand  
Marquette was forced to punt following the second half kick.

Jerry Hanson (No. 10) of the Escanaba Eskymos peels off on a keeper behind the blocking of fullback Terry Dufour (32) in the game against Marquette here Saturday. Hanson threw two touchdown passes as the Eskymos swept over Marquette 21-0 for their fifth straight victory this season. (Daily Press Photo)

## Nothing New But Bears Demolish Detroit Lions

By BERNIE KENNEDY

DETROIT (AP) — There wasn't anything new in the Chicago Bears' offense Sunday, and that's what made the 37-21 loss suffered by the Detroit Lions so irritating.

Coach George Wilson said "they played exactly the kind of game we expected them to." Then he added that the Bears did get a big lift after turning a fumble and a pass interception into touchdowns to take a 21-0 lead.

"They got every break they could, and they used them," Wilson said.

"Barr could have caught that ball, but it went off his hands and they intercept and go in."

Wilson was referring to the interception by Chicago's Bennie McRae — no stranger to University of Michigan fans — in the second quarter.

Wade Throws Strikes  
The Bears already had taken a 14-0 lead on an 18-yard pass from quarterback Billy Wade to Angelo Coia in the first quarter and a 16-yarder from Wade to Johnny Morris in the first minute of the second quarter.

Wade, who completed 59 of 90 passes in the first three games, lost no time getting the unbeaten Bears rolling to their third touchdown.

Mike Ditka grabbed Wade's third scoring aerial after a personal foul brought the ball to the Lions' 13.

Less than six minutes later, Richie Petitbon stole another Milt Plum pass and raced 66 yards down the sideline for the fourth Chicago TD.

The Bears' defense which gave up a mere 40 yards on the ground and a lone first down, contained the Lions on the next series and forced the Lions to punt.

Wade capped a 51-yard drive by sneaking over from the one in the final minute. The Bears, who had not scored a touchdown against the Lions in three previous meetings, suddenly found themselves with five under their belts with half a game to go.

The interception by McRae was the last pass thrown by Plum in the contest.

Morrall Gets Chance

Wilson went with Earl Morrall in the final two quarters and the former Michigan State star did his best to bring the Lions back into contention.

Morrall hit Terry Barr on the Chicago 24 with six minutes gone in the third period and Barr

scampered the remaining yards to complete a 60-yard play.

Gail Cogdill caught another Morrall pass four minutes later, ducked away from Dave Whitsell, and scored. This play was good for 67 yards.

The Bears picked up a safety in the final quarter when Doug Atkins tackled Morrall in the end zone.

Cogdill took the ball away from Roosevelt Taylor as the two jostled each other in the end zone, and scored the final touchdown of the game. A pass interference penalty and an eight yard pass to Jim Gibbons had brought the ball to the Chicago 38.

A complete physical examination, conditioning, proper coaching and proper protective equipment are listed as the most important factors in preventing football injuries.

## National League Sets Fan Record

NEW YORK (AP) — The National League, which had another close race, established a baseball attendance record in 1963. The NL surpassed the mark established last season when the circuit expanded to 10 teams.

After Sunday's final games, the NL gate total was 11,382,233 compared to 11,360,159 in 1962.

The American League, however, showed a drop of 919,824. Its 1963 aggregate was 9,065,232. Last season, the AL turnout count was 10,015,066.

Over-all big league attendance dipped 4.2 per cent with 20,477,465 this season compared to 21,375,215 last year.

## Yesterday's Stars

By The Associated Press  
**PITCHING** — Warren Spahn, Braves, finished his 19th season with 23-7 record, posting 350th victory and 62 shutout of his career with a four-hit 2-0 triumph over Cubs.

**BATTING** — John Paciorek, Colts, 18-year-old outfielder in his first big league game went 3-for-3, walked twice, drove in three runs and scored four as Houston whipped Mets 13-4.

## Sooners Defeat Defending College Football Champion

By BOB GREEN  
Associated Press Sports Writer

"We still have to improve in a lot of ways," said Oklahoma Coach Bud Wilkinson.

Maybe so, but knocking off the nation's top-ranked college football team should do for a start. "We've still got eight games to go," reminded the Sooner coach. Maybe so, but seven of them are with Big Eight opposition, against which Wilkinson has a 93-3-2 lifetime mark.

It took Wilkinson about five minutes to overcome his elation after Oklahoma's 17-12 upset of top-ranked and defending national champion Southern California in Los Angeles Saturday, regain his usual air of caution, and begin pointing out Sooner shortcomings.

The victory, which snapped a string of 12 victories for Rose Bowl champion Southern Cal, was the big one on the Oklahoma comeback that started with last year's 8-2 performance. It made Oklahoma, ranked third last week, a prime candidate to succeed the Trojans in the No. 1 spot.

Get Week Off  
Wilkinson now has a week off to prepare his swarming Sooners

for a date with old foe Texas, ranked No. 4 nationally before Saturday's 49-7 romp over Texas Tech. The rest of the Oklahoma schedule is against conference competition.

A fine ball control performance, engineered by quarterback Bobby Page, and two clutch runs by Joe Don Looney were the Oklahoma keys. Looney scored one touchdown and set up another, each with a 19-yard gain on a complex reverse play.

The Big Ten suffered a couple of surprises when Miami of Florida shut out Purdue for the first time in 30 games, 3-0, and favored Iowa was held to a 14-14 tie by Washington State. The Cougars, ready to try for a field goal, might have won if they had not been denied a fourth down in the confusion of the game's final seconds.

Ohio State and Air Force made big bids to gain a ranking, with Buckeye Coach Woody Hayes showing a much flashier attack in a 17-0 decision over Texas A&M. Quarterback Terry Isaacson scored four touchdowns in the Air Force's 69-0 rout of Colorado State U.

## Orioles Fire Hitchcock

BALTIMORE (AP)—The Baltimore Orioles, slumping at the gate and on the playing field, began the search today for a manager to replace ousted skipper Billy Hitchcock.

Hitchcock was fired after the final game of the season Sunday — following two seasons as manager — and offered a front office job.

The Orioles, who battled the New York Yankees for the American League pennant in 1960 and finished third in 1961 under Paul Richards, slipped to seventh last year under Hitchcock. They improved to fourth this season, but were just as far behind the pennant-winning Yankees.

Attendance dropped to an all-time low of 790,254 last year and tumbled farther to 774,343 this season.

## Ten Pitchers Get 20 Wins

NEW YORK (AP)—Ten major league pitchers won 20 or more games in 1963 — two more than last year. The only repeater was Camilo Pascual of the Minnesota Twins.

Sandy Koufax of the Los Angeles Dodgers and Juan Marichal of the San Francisco Giants topped the 1963 list with 25 victories.

They were followed by Whitey Ford, New York Yankees, 24; Warren Spahn, Milwaukee and Jim Maloney, Cincinnati, 23 each; Dick Ellsworth, Chicago Cubs, 21; Pascual and Jim Bouton of the Yankees, 21; and Steve Barber, Baltimore and Bill Monbouquette, Boston, 20.

## Fight Results

BUENOS AIRES—Federico Thompson, Buenos Aires, outpointing Jorge Peralta, Uruguay, 15. Thompson retained South American welterweight title.

RUSSELSHEIM, Germany—Conny Rudhof, Germany, outpointed Giordano Campari, Italy, 15. Rudhof won vacant European lightweight title.

## Kulack Stars; Rock's Losing String Snapped

POWERS - SPALDING — Coach Roman Gill's Rock Little Giants snapped their two game losing streak and their last-second jinx here Saturday by defeating Powers-Spalding 12-6 in a Wolverine Conference clash.

Rock changed the script this week with a touchdown in the fourth quarter. Mike Kulack hit paydirt with the clincher and the Little Giants were able to hang onto the ball in the closing minutes to erase any Powers' hopes for a late rally.

The teams battled through a scoreless first half before Rock took command. The Little Giants got possession in mid-field when Dave Vertanen hopped on a Powers fumble. They drove to the 18 from where Kulack pitched to Robert Maki for a touchdown and a 6-0 lead.

After an exchange of punts, the Tigers connected on a bomb from quarterback Dan Wells to Paul Behrend, covering 51 yards. The run for the point failed and the score was tied 6-6.

Rock had 131 yards rushing and 42 passing to 114 and 61 for the Tigers. Ed Linjala picked up 79 yards in 16 carries and Bill Johnson, who blocked a Powers punt in the first period, was a defensive standout. Bob Maki averaged 35 yards on his punts to keep the Little Giants in the game in the first half.

Behrend was a star on offense and defense for the Tigers. He gained 84 yards rushing and was joined on defense by Ray Pirlot and Frank Mar-sick.

Rock will entertain Bark River-Harris in a homecoming game at 1 Friday afternoon. Powers hosts Pembine Saturday.

## Broncos Hand Pembine First Grid Setback

PEMBINE—The Bark River-Harris Broncos stomped Pembine 26-7 in an impressive display of power in a Wolverine Conference game here Saturday.

Bill Kwarciany had a field day against the Panthers, scoring two touchdowns and passing for two thirds.

Coach Carlton Roels' Broncos jumped out to an early lead when they recovered a Pembine fumble in the opening minutes of action. Kwarciany dented the scoring column with a 30 yard TD pass to end Bill Hall. Tony Cavadeas ran the point to make it 7-0.

Pembine came back with its lone touchdown, clicking on a 30 yard pass to Barry Venstra. Kwarciany limbered up with a 30 yard touchdown run and ripped off another covering 25 yards.

Cavadeas closed out the Bark River scoring with a five yard buck.

The victory was Bark River's second against one loss and the setback was Pembine's first of the season.

# Ex-Rams Doing Fine In Other Uniforms

By JIM BECKER  
Associated Press Sports Writer

The Los Angeles Rams are having quarterback trouble, but the ex-Rams are doing fine.

Billy Wade of the Chicago Bears and Frank Ryan of the Cleveland Browns, a pair of former Rams, both had great days Sunday, and kept their teams the only unbeaten clubs in the National Football League.

Wade threw for three touchdowns and ran for another as the Bears moved their record to 3-0 and remained in sole possession of first place in the Western Conference. The Bears ruined Detroit with 28 points in the second quarter and wound up with a 37-21 victory over the Lions, now 1-2.

Ryan tormented the Rams with two touchdown passes, while Jimmy Brown did the running job in a 20-6 victory. The Browns, also 3-0, are now sole holders of the Eastern Conference lead, while

the Rams—who have scored only 22 points in three games—are 0-3.

**Cardinals Defeated**

Pittsburgh, saddled with a tie in its opener when an extra point try hit the goal post, moved into second place in the East with a 23-10 victory over the previously unbeaten St. Louis Cardinals. The Steelers are 2-0-1.

Another castoff quarterback, Y. A. Tittle, the old Bald Eagle of the New York Giants, returned to action and clobbered the winless Philadelphia Eagles 37-14, to run the Giants' record to 2-1.

In other games, the Green Bay Packers pulled out a wild one over the Baltimore Colts 31-20, Washington trimmed Dallas 21-17 and the Minnesota Vikings swamped the San Francisco 49ers 5-14.

In the American Football League, Houston beat Buffalo 31-20 and the New York Jets nipped the Oakland Raiders 10-7 in Saturday night games. Sunday, San Diego belted Kansas City 24-10 to remain undefeated and Denver edged Boston 14-10.

The Bears had not scored a touchdown against Detroit in their last three games, but Wade—the league's leading passer—fixed that in a hurry with an 18-yard scoring pass to Angelo Coia midway in the first period. A fumble recovery and an interception led to two second-period scores, with Wade throwing for both, and then Richie Pettibone scored on a 66-yard interception. Wade carried over for the one in the closing seconds of the half for a 35-0 lead.

**Brown Gets 95**

Despite a steady rain at Cleveland, Ryan completed nine of 15 passes for 152 yards as he led the way over his old team. Jimmy Brown ran for 95 yards in 22 tries, and now has 489 yards in 57 attempts in three games. He scored on an 18-yard run.

The Steelers, who have never won a division title but look like contenders this year, finally got going in the last quarter, with substitute fullback Bob Ferguson pacing the offense.

Down 10-6 after three periods, the Steelers got 17 points in the final quarter with Ferguson gaining key yardage. Bill Triplett's 63-yard touchdown run on the third scrimmage play of the game stunned the Steelers. The Cards now are 2-1.

Tittle, the old 49er who missed the Steeler game last week with chest injuries, was back on target and lifted the entire Giant team with a superb performance. He completed 12 of his first 14 passes and threw to Joe Walton, Del Shofner and Joe Morrison for touchdowns. Morrison also ploughed one yard and dashed 70 yards for other touchdowns.

Packer coach Vince Lombardi summed up the battle with the Colts this way: "That was no game for sane people."

The Packers, trailing 17-14, had third down and four on the Colt 35 as the fourth quarter opened. The ball was fumbled in the backfield on an intended end sweep and bounced around on the Colt 45. Bart Starr found it and threw it to Boyd Dowler on the 25. He trotted over for the touchdown.

Heaviest football player at Syracuse is Tom Wilhelm, a 260-pound junior tackle from Cleveland.

# Tech Huskies Tip Winona By 16-14

By The Associated Press

Western Michigan went down in defeat Saturday to its only non-major football rival this season—Central Michigan—while Northwood Institute posted its first collegiate football victory.

In another midwest upset, St. Norbert of Wisconsin edged past Hillsdale, 20-17.

The Central Chippewas whipped the Western Broncos, 30-14, handing them their second loss of the season. Last week, Western was ground down 1-0 by Big Ten Wisconsin.

Northwood of Midland routed Olivet College 31-12 in a home game Saturday to end the losing streak that marked its first football season. It was 0-6 last year and 0-2 this season.

Julie Mellon of St. Norbert scored all three touchdowns as the visitors downed Hillsdale Saturday night. Doug Bickle scored 11 Hillsdale points on a touchdown, a field goal and two extra points. Hillsdale is 2-1 for the season.

Michigan Tech opened its Northern Intercollegiate Conference season with a 16-14 win over Winona State, at Winona, Minn. Twice in the first quarter Doug King plunged over from the one-yard line to score for Tech.

The Ferris State bulldogs splashed through a driving rain to down Albion 6-0 at Big Rapids. The lone touchdown came on the first play in the second quarter. Right halfback Emory Welsh went around right end for 19 yards and a touchdown. It was victory No. 2 for the Bulldogs and left Albion 0-2 this season.

The Kalamazoo Hornets' 12-game winning streak fizzled on a blocked kick and incomplete pass in a 13-12 loss to Eastern Michigan at Kalamazoo Saturday. Quarterback Jim Harkema's 17-yard scoring pass to John Peterson moved Kalamazoo to within

one point of a tie with two minutes, 18 seconds to go.

Wheaton, Ill., drove in with a last-quarter touchdown for a 19-15 victory over Hope College in a game at Holland Saturday night. Hope went ahead 15-12 in the third quarter when Harlan Hyink passed 26 yards to Bill Hiltgren for a touchdown, but Albert Harris plunged over from the three to put Wheaton ahead to stay.

Adrian rolled over Alma 28-0 in a home-stand Saturday night. Quarterback Tim Davies scored two touchdowns on short runs. Hillsdale Junior Varsity shocked Grand Rapids Junior College, 7-0 in an electrical storm at Grand Rapids Saturday. Bill McElroy intercepted a Grand Rapids pass on the Grand Rapids 30 and ran it to the three, where quarterback Denny Bozen passed to end Bill Mergler for a touchdown.

Heaviest football player at Syracuse is Tom Wilhelm, a 260-pound junior tackle from Cleveland.

# Spartans Become Grid Darkhorse

EAST LANSING (AP)—Michigan State suddenly has become a darkhorse favorite to climb high in the national collegiate football ratings this year.

A reshuffling of the pre-season football polls must be made after MSU ran over North Carolina 31-0 in its opener and top-ranked Southern California was beaten 17-12 by Oklahoma.

The two teams meet Friday night.

Spartan coach Duffy Daugherty reacted more like a track coach

than a football man after his victory. Duffy sprinted out of the Spartan Stadium dressing room shrugging off questions and congratulations. He was intent on doing a personal scouting job on the Southern Cal-Oklahoma game.

Daugherty and the rest of the nation's television watchers saw the Trojans upset by the Okies in the Los Angeles Memorial Stadium.

**Spartans Could Climb**

Southern California is bound to lose a few notches in the Associated Press rankings. Oklahoma, currently rated as No. 3, could jump to top spot.

Michigan State—for the first time in five years—wasn't rated in the top 10 or 20 in anybody's poll. But the Spartans should start climbing after the way they walloped North Carolina.

Right after he watched the game on TV, Duffy was on the long distance phone talking to Oklahoma coach Bud Wilkinson. Duffy and Bud are close and once ran a "coach of the year" clinic together. So Duffy was asking his old buddy for tips on the way he beat the Trojans.

Daugherty saw three gambles pay off in his opener—going with a sophomore quarterback, a soccer-type kicker for extra points and field goals, and a fullback moved up because of his reduced weight.

**Juday Looks Good**

Sophomore quarterback Steve Juday directed the Spartans to a touchdown against North Carolina the first time he had the ball. Daugherty kept the youngster in the game until late in the last quarter and commented afterwards "I didn't call a play. He called them all himself and nothing was sent in from the bench."

Roger Lopes, a fullback imported from Hawaii, paid for his traveling costs by making 157 yards rushing, including one spectacular 76-yard touchdown sprint. Lopes was given the starting job because he reduced some 20 pounds from last year and picked up speed with the lost weight.

Lou Bobich, who kicks the ball with the side of his foot, hit four for four on his extra point tries and added a field goal. He also was booming kickoffs better than 70 yards.

Michigan State netted 332 yards rushing in the opener against 30 yards for North Carolina. Juday stuck to the rushing game when he saw how well his backs were going. North Carolina was supposed to have a good passing attack but Junior Edge, eighth in the nation last year in passing, couldn't get away a long bomb. Edge completed some short passes but the Tarheel total was only 84 yards through the air.

# Rookie Hurler Gets Victory

BALTIMORE (AP)—The Detroit Tigers finally won a game in Baltimore Sunday—and it's a good thing they did.

Rookie Dennis McLain scattered 10 hits as the Tigers downed the Orioles 7-3 to finish the season in a fifth-place tie with Cleveland.

It was Detroit's only victory in nine games at Baltimore as the Orioles easily took the season's series, winning 13 of 18 games. Detroit had a 16-2 edge in 1962.

The Tigers moved to a 6-1 lead in the fifth inning as Gates Brown's homer drove in two runs and Bubba Phillips' single and a sacrifice fly by McLain scored two more.

Detroit had moved in front with two runs in the fourth on a throwing error by John single.

Jim Gentile hit his 24th homer of the season in the fifth inning, while Don Wert clouted his seventh in the ninth.

The Orioles got to McLain for their final run in the bottom of the ninth, but the youngster got Jackie Brandt on a fly ball for the final out to pick up his second victory in three decisions.

Rookie Wally Bunker, making his first major league start, was the loser.

# Musial And Spahn Snare Spotlight In Season Finale

By JIM HACKLEMAN  
Associated Press Sports Writer

The pennants belonged to the New York Yankees and the Los Angeles Dodgers. But 1963's final day belonged to Stan Musial and Warren Spahn.

Musial finished his record-studded career with the St. Louis Cardinals Sunday the same way he started it 22 years ago, with two hits in a 3-2 victory. The Man left his 3,026th and final game in the sixth inning after helping the Cards to a 2-0 lead over Cincinnati. The Reds tied it in the ninth, but St. Louis won in the 14th on Dal Maxvill's run-scoring double.

Spahn, 42, pitched a masterful four-hitter for the Milwaukee Braves in a 2-0 triumph over the Chicago Cubs, winning his 350th game and matching his best previous season's record — 23-7. He also hit that mark in 1953.

It was a day of anticlimax for the pennant winners. The National League champion Dodgers were beaten for the third straight time by Philadelphia, 3-1, and the American League champion Yankees were rained out of their regular season finale, at New York against Minnesota.

Next on the agenda for the two champions — their eighth World Series showdown — starting Wednesday at Yankee Stadium.

In other NL action Sunday — Felipe Alou's three-run homer in the eighth inning carried the San Francisco Giants over Pittsburgh 4-1, and Houston's frisky young

Colts, led by 18-year-old John Paciorek in his first big league competition, belted New York's last-place Mets 1-4.

Elsewhere in the AL — Detroit and Cleveland both won, finishing tied for fifth, with the Tigers whipping Baltimore 7-3 and the Indians edging Kansas City 2-1 behind Jim Grant's six-hit pitching. Washington's tail-end Senators clouted the Chicago White Sox 9-2. The wind-up at Boston, between the Red Sox and Los Angeles Angels, was canceled by rain.

Baltimore's loss had an unhappy aftermath for Billy Hitchcock. He was fired as manager of the Orioles after two seasons. Sam Mele was signed on for another season as manager of the Minnesota Twins.

Musial, who broke in on Sept. 17, 1941 with two hits that helped St. Louis down Boston 3-2, bowed out with his last two singles.

Musial's two hits gave him a 1963 average of .251, well below his sparkling lifetime mark of .331.

Spahn was magnificent against the Cubs, registering his 62nd career shutout. The ageless marvel finished his 18th full season with the Braves with an amazing 22 complete games, an earned run average of 2.60 and seven shutouts.

Hank Aaron hit his 44th homer in the first for Milwaukee, tying San Francisco's Willie McCovey for the league high, and scored the game's other run in the third after a single and steal of second.

# Michigan Coach Needs Answers Before Saturday

ANN ARBOR (AP)—Michigan head football coach Bump Elliott must find the answer to two questions before the Wolverines take the field against Navy this coming Saturday:

1. Who will start at quarterback — Bob Timberlake or Frosty Evashevski?

2. Can the Wolverine pass defense be tightened enough to stop the Navy attack, headed by quarterback Roger Staubach?

Elliott's answer to the first question will be the right one, no matter whom he picks.

Timberlake has been the No. 1 quarterback from the very start. Elliott already knows what he can expect from the tall junior from Franklin, Ohio.

Evashevski proved he was ready to take command at a moment's notice. He had to do it last Saturday and led the Wolverines to a 27-16 triumph over Southern Methodist in the season's opener.

The second question may not be answered until after this week's game.

In Navy, Michigan will be up against a team that has scored 79 points in two games while surrendering just 7.

Stanbach established on all-time Navy record for yards gained in a single game when he passed and ran for 297 yards in a 28-0 Navy victory over William and Mary last Saturday.

Evashevski, pressed into action when Timberlake failed to shake a shoulder injury, started the Wolverines on their way after center Brian Patchen recovered a fumble on the Michigan 2 to end SMU's drive late in the first period.

# Mele Rehired By Minnesota

NEW YORK (AP)—Same Mele has signed for 1964, his third full year as manager of the Minnesota Twins.

The announcement was made after the Twins' scheduled final game of the season, with the New York Yankees, was rained out Sunday.

# GLADSTONE

## Stolen Car Is Recovered At Love Park, Ill.

State Police of the Gladstone Post reported today that a 1959 blue Chevrolet coach, stolen from Herman Palmgren, Bark River fire chief, last Friday night has been recovered at Love Park, Ill.

Being held in connection with the theft is a Terry Noll, 18, whose address is as yet unknown.

Officers reported the Palmgren car had been locked, but that the ignition was "off", but not locked. The car was recovered Sunday. The youth is being held in jail at Rockford, Ill.

## Briefly Told

State Police of the Gladstone Post issued traffic tickets to the following persons over the past weekend: Ernest J. Dart, 520 S. 8th St., no license on trailer; Alan J. Sanville, 416 S. 18th St., no operator's license; Robert C. Waeghe, 405 Dakota Ave., Gladstone, speeding; Leo W. LeGault, 410 N. 10th St., Gladstone, drove wrong way on one-way street; and Kenneth A. Berg, 914 Superior Ave., failed to stop for a stop sign.

## Minors Charged With Possession

Three minors and a juvenile were apprehended by State Police at 9:15 p.m. Saturday in Wells Township on charges of being minors in possession.

The minors were: Larry A. Hill, 17, of Trenary, and Gerald G. Seymour, 19, and Henry P. Seymour, both of Rte. 1, Rapid River. The three were given a 10-day period in which to appear before Justice A. J. Mortier in Gladstone. The fourth person, a juvenile, will be referred to the Probate Court.

Officers reported they stopped the car for having only one headlight when they discovered a six-pack of beer on the rear seat. Hill, the driver, was also ticketed for having defective equipment.

## Suffers Injuries When Car Rolls

Harvey D. Parent, 34, of Marquette, was ticketed by State Police for violation of the basic speed law, too fast for conditions, as the result of an accident at 12:20 a.m. Sunday on U.S. 2-41, just south of the Soo Line Railroad crossing at Masonville.

State Police said they were told that Parent, driving north, lost control of his car while trying to bring it back onto the highway after the wheels dropped off the pavement. The car skidded sideways and rolled over.

Parent sustained bruises and abrasions in the mishap, which were self-treated.

# Judy Garland's Show Tuneful

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—The long-awaited and much-discussed "Judy Garland Show" arrived on CBS Sunday night and provided an entertaining, if extremely uneven variety hour.

The entertainment was largely due to the debut of the star in weekly television. She seemed nervous, but in a merry mood. The problem areas were concentrated in what the producer designated as informal ad lib conversation. She was never nervous when singing but making television small talk is a real specialty and Miss Garland isn't Jack Paar—yet.

Generally, the show was gay, good-humored and had lots of tuneful singing and dancing. Guest star Donald O'Connor provided some first-rate support. Jerry Van Dyke helped out with the comedy, including an amusing but too-long monologue.

But the show was Miss Garland, slim and svelte. Even with the rough spots it was fascinating to watch.

(AP) — Martin Korosec is proud of his jumping cat He

taught the cat to jump at his command. "Jump," he orders, and the cat leaps five feet straight up.

World's tiniest people are the Bambuti Pygmies of the Ituri Forest in the Belgian Congo.

## Seaway Volume And Value Gain Sizeably In '62

ANN ARBOR — The Great Lakes Commission said today that U. S. lake ports in 1962 handled over 40 million tons of import-export cargo valued at close to \$1.5 billion. Both amounts were substantially above any previous year.

The lake ports' trade with overseas points last year totaled about 6.9 million short tons and was valued at \$909 million. This traffic, which includes direct trade with areas throughout the world and cargo transshipped through Canadian St. Lawrence River ports, exceeded the previous high of 1961 by about 300,000 tons and \$128 million.

Last year it represented about 17 per cent of the total foreign tonnage of the lake ports and 62 per cent of the dollar value. In comparison with the final pre-seaway year of 1958, tonnage of the Great Lakes overseas trade was up 543 per cent and the dollar value up 239 per cent.

The Commission reported that the lake ports' trade with Canada also reached a new

peak last year. This traffic totaled 33.7 million tons valued at \$561.6 million. It includes, however, some overseas cargoes, primarily grain exports, whose ultimate destinations were not reported when shipped to Canada.
